We hope to see lots of you there!

## NEW ACCIDENT FORMS

Our accident logging system will soon change to send out electronic notifications instead of families receiving a paper copy of an accident form. This notification should contain the same information as the previously supplied paper forms, and should be sent to the parent listed as 'Priority 1' on the contact details you provided to school. Please do not hesitate to get in touch with the school if you have any questions.

## MESSAGE TO STAFF FROM GOVERNORS

At the Pupil Committee meeting on Wednesday, Governors looked at a range of information including the use of RPI, progress across the whole school and attendance. Governors noted how the use of RPI had decreased over time and that attendance at the school was better than the national average. The behaviour data showed how the young people at Ravenswood learn, through consistent behaviour management and effective interventions, how to regulate their own behaviour. We want to send our thanks and congratulations to all the staff who are making Ravenswood a safe place where pupils enjoy learning and make effective preparations for their futures.

Mike Evans - Chair of Pupil Committee

## KEEPING SAFE ONLINE

There are lots of things you can do to keep yourself safe online.

- **Think before you post.** Don't upload or share anything you wouldn't want your parents, carers, teachers or future employers seeing. Once you post something, you lose control of it, especially if someone else screenshots or shares it.
- **Don't share personal details.** Keep things like your address, phone number, full name, school and date of birth private, and check what people can see in your privacy settings. Remember that people can use small clues like a school logo in a photo to find out a lot about you.
- **Watch out for phishing and scams.** Phishing is when someone tries to trick you into giving them information, like your password. Someone might also try to trick you by saying they can make you famous or that they're from a talent agency. Never click links from emails or messages that ask you to log in or share your details, even if you think they might be genuine. If you're asked to log into a website, go to the app or site directly instead.
- **Think about who you're talking to.** There are lots of ways that people might try to trick you into trusting them online. Even if you like and trust someone you've met online, never share personal information with them like your address, full name, or where you go to school.
- **Keep your device secure.** Make sure that you're keeping your information and device secure.
- **Never give out your password.** You should never give out your password or log-in information. Make sure you pick strong, easy to remember passwords.
- **Cover your webcam.** Some viruses will let someone access your webcam without you knowing, so make sure you cover your webcam whenever you're not using it.

**Do not share any pictures within anyone online that you wouldn't want your Mum, Dad, siblings, teachers to see.**
